

Application for Enrollment 2019-2020 School Year

Families Together Cooperative Nursery School (FTCNS) is a non-sectarian school that admits, welcomes, and nurtures children and families with different abilities, family structures, socio-economic levels, and cultural, ethnic, linguistic, gender, religious, racial, and other social identities. We endeavor to balance the following priorities in our approach to admissions:

- Giving students an equal chance to attend FTCNS and avoiding admissions processes that individually evaluate students or their families or give priority admissions to certain students in a non-transparent way.
- Constructing and maintaining a diverse school community that celebrates and reflects the differences in students' and families' social identities and reflects the demographics of our surrounding community.

FTCNS offers priority enrollment to returning students and siblings. In order to keep the admissions process impartial and open to all families, FTCNS admits new students through a blind lottery. The blind lottery is conducted after returning student/sibling enrollment is completed. Once lottery numbers have been assigned, we make every effort to give families their first choice of class/classes in lottery order, while attempting to balance for diverse classes.

Tuition/Financial Aid/Deposit:

FTCNS is committed to paying a living wage to our staff while being financially accessible to families of different means. Annual tuition is based upon a sliding scale relative to a family's income level and can be paid on an annual, semi-annual or monthly basis. When/if our sliding scale is not affordable for a family, we also offer additional financial aid. Financial aid recipients often already qualify for some of our lowest tuition levels. Aid is also sometimes granted to families at higher tuition levels who are facing financial crisis or whose current financial circumstances are very different from that which is reflected on their tax return. Some of the factors considered in determining aid awards include: the number of class days a child is attending; the number of people in a child's family; the family's overall assets and debt; any extenuating financial circumstances; and the number and nature of requests we get in a given year.

Once a class placement has been offered for your child, a non-refundable tuition deposit of \$500.00 will be due to guarantee placement in the classroom.

A non-refundable fee of \$50.00 must accompany this application (new families only). Application fees may be waived on a case-by-case basis due to financial hardship.

If my child is accepted to FTCNS, I understand that:

- *At least one adult from my child’s family is required to assist in my child’s classroom on a regularly scheduled basis and cannot bring children other than the enrolled student when they assist.*
- *If developmentally appropriate, it is expected that parents of enrolled students work with their child towards the goal of toilet training before the start of school in September. The FTCNS diaper changing facilities are limited and the classes are designed to give children lots of opportunities to use the bathroom. However, if a child is not developmentally ready, FTCNS is able to accommodate children in parent-provided diapers/pull-ups in each class.*
- *In order to protect the health of all families, FTCNS strongly encourages all families to fully vaccinate their children. My child will need to be up-to-date with all immunizations in accordance with the immunization schedule from the Illinois Department of Public Health unless I provide a doctor’s note of exemption or a letter requesting religious exemption from immunizations.*
- *The \$50.00 application fee and \$500.00 deposit are non-refundable. No exceptions.*
